To Whom it may concern:

Thank you for your interest in these support group development tools. The collection of tools on this CD are yours to use freely for non-profit purposes. Some have been developed in MS Word, WordPerfect and PDF. Some are in all formats and some are in one or two.

Please feel free to adapt any of these files for your use by personalizing them with your specific information. I'd prefer that my contact information remain in small print somewhere on the printed documents as this is one of the ways that I reach other people to develop new support groups or strengthen existing groups.

If you have any questions or comments, I can always be reached at [jp@pabia.org](mailto:jp@pabia.org) or 412-481-0443.

Respectfully yours,

John Pistorius

P.S. I've also included free Bible software for those of you who are interested. To install it, open the file labeled aaa e-sword setup first. Then you can add the rest of the modules. To learn more about this software you can visit <http://www.e-sword.net> .
